

Item 4 Public Comment

Hi Olivia,

My name is Philip Levine and I live at 775 Alta Vista Rd. in Montara. I received the attached Zoning Hearing Notification and I'm very concerned about Item 4.on the agenda. Given that the suggested minimum distance from a cell tower to avoid radiation is a quarter of a mile I would like to understand the exact proposed location of the antenna. The water tanks on Alta Vista are well within a quarter mile of my house and I'm concerned that this could pose a health risk to me, my family and my neighbours.

Thanks

Philip Levine
