Subject: More time to review Highland Estates Subdivision Project Addendum to the Highland Estates Final Environmental Impact Report

CAUTION: This email originated from outside of San Mateo County. Unless you recognize the sender's email address and know the content is safe, do not click links, open attachments or reply.

Hi Ms. Leung,

I'm Andrew Kunz,

I live in the San Mateo Highlands at 1547 Brandywine Road.

I'm writing about the San Mateo County letter dated May 3rd with the subject "Consideration of a proposed Minor Modification to an approved Resource Management (RM) Permit (PLN2006-00357) for the development of Lots 5, 6, 7, and 8 (BLD2016-00161 through BLD2016-00164), in the San Mateo Highlands Area".

I request that the County give Highlands residents an additional 45 days to review and respond to the "Highland Estates Subdivision Project Addendum to the Highland Estates Final Environmental Impact Report SCH No. 2007052068" referenced in the 'minor modification' letter.

This construction project will have a significant impact on the hillside open space along Ticonderoga Drive. There is a reasonable possibility of landslide at this location. It doesn't seem fair to expect Highlands residents to review a 289-page project addendum in 12 days, especially given the significant change in the volume of dirt movement.

Thanks.

Cheers,
Andrew Kunz
